# COMPETITION SCHEDULE

We are working on putting together a top notch competition schedule for the upcoming season, we'll establish and solidify our event list in partnership with our Renegade family of new team athletes/parents.

We are currently exploring options for our upcoming season aim to build a competition schedule that best reflects the team, schedule and our families. Provided are a sample of events that we are considering attending.

While we would like the majority of our teams to attend the same competitions and travel as a collective, listed competitions are tentative and not all teams will attend all competitions. Travelling as a group benefits our teams and helps to build relationships within our program. Athletes will have the opportunity to bond and go through these experiences together, motivating athletes to work as a collective and help each other achieve greatness. This also benefits families with multiple athletes on varying teams to attend and support each other.

Competition fees are included in the all-inclusive pricing with the exception of out of province events/competitions.
